The Faculty of Textile Technology, University of Zagreb, has once more organised the 11th International Textile, Clothing and Design Conference in Dubrovnik, making this conference traditional. The aim of the ITC&DC 2024 is to promote textile, clothing and footwear technology and design, through interdisciplinary approach. For over twenty years, the ITC&DC conference serves as a platform to exchange knowledge, experiences and research results on all aspects across the fashion, textile, and apparel industry. Our growing ITC&DC family will once more enjoy networking and exchange ideas.

Out of 81 papers received, the International Review Committee has accepted 67 papers from 145 authors coming from 16 countries, and 56 of them are published in 2024 Book of Proceedings.

These scientific papers are published in their integral form in the Book of Proceedings of the 11th ITC&DC 2024, and will be presented in one of the following sections:

- A Textile fibres and advanced materials
- B Textile finishing, dyeing and care
- C Clothing technologies and engineering
- D Analysis, testing and quality control
- E Design and marketing of textile and clothing
- F Sustainable textile products and processes.

We would like to express our sincerest thanks to all the participants for their valuable contribution and readiness to spend a part of their time in Dubrovnik, making the picture of the Magic World of Textiles more valuable and more real. We express special thanks to the domestic and international scientific associations that have accepted to be the patrons of the 11th International Textile, Clothing and Design Conference (ITC&DC 2024). Our sincerest gratitude also goes to all the individuals and institutions that have helped us organise the 11th ITC&DC 2024.
